Mediation Network

Supporting Conflict Resolution

***"How do I know if I am keeping up to date with mediation skills and trends?"  
"What are other mediators and mediation services doing to grow their business?"***

As either a newly accredited or experienced mediator have you ever felt a little isolated and want to develop your practice through shared experiences? If the answer to this question is yes then the Midlands Mediation Network is for you.

We are an established inclusive group of mediators, mediation services and conflict resolution practitioners who are committed to working together to raise the profile of mediation as a positive means of resolving conflict.

The network is comprised of a working management group, who all commit their time on a voluntary basis to organise three network events annually. The network is open to everyone across the Midlands region and further afield and we aim to share information and good practice within all aspects of mediation.

Our membership work across a wide range of specialisms – community, family, commercial, workplace, homelessness, schools, etc.

### Costs

- £75 - annual membership per organisation - which provides excellent value for money. This entitles one person from each organisation to attend all the three network events each year at no extra cost
- £15 – cost for additional delegates from each membership organisation to attend any network event up to a maximum of 5 people
- £50 – non-member cost per person for attendance at each network event
